GM 5923/5924 Gooseneck  
Microphones

A **SHURE** Company

## GM 5923/5924 Gooseneck Microphones

- Gooseneck microphones
- Excellent sound quality
- Two lengths, 40 cm and 50 cm
- Small diameter
- LED indication in microphone head

### Description

The GM 5923/5924 gooseneck microphones are a new range of gooseneck microphones in the DDS 5900 System.

The small-diameter gooseneck design permits highly flexible positioning while maintaining a smooth, well-contoured appearance.

The GM 5923/5924 are designed for clear, highly intelligible sound reinforcement.

### Features

The GM 5923/5924 have the following standard features:

- Condenser gooseneck microphones
- Cardioid polar pattern
- Small-diameter microphone capsule
- High-quality sound reinforcement
- Flexible gooseneck
- XLR connector
- LED lighting indication in microphone head
- High close talk SPL level
- Low noise level

# Specifications

# How To Order
